## JUVENILE SHOOTIST

White Boy Slightly Wounds Colored Boy Yesterday Afternoon

Yesterday afternoon about 2 o'clock a shooting occurred near George Crowell's tie and bark yard at the corner of Third and Poplar streets, that, fortunately, was void of fatal results.

It resulted from a tussle between a white and a colored boy. The shootist, John Bradford, a lad about fifteen years old, and whose home is in Walnut street, interceded in behalf of his white companion and thereby incurred the displeasure of a young colored man named John Steel.

After an exchange of harsh words the colored man struck Bradford and knocked him down and as he raised he pulled a revolver and shot the ball from the revolver striking Steel a glancing lick on the right side of the neck, inflicting a slight flesh wound. Had the aim been a hairbreadth more accurate there would have been a dead Negro instead of a badly scared one.

Young Bradford was taken before Police Judge Whitaker who held him over in the sum of \$100 for his appearance today.

## HOWE'S MOVING PICTURES.

The Ann Arbor (Mich.) Daily Argus of November 20th says: "One of the most pleasing entertainments seen at the Athens Theater this season was that of Lyman Howe's Moving Pictures Thursday evening. Many persons who have seen the motion pictures shown in dime museums and cheap companies think they have witnessed good things in this line, but they really have no conception of how really artistic and novel in effect motion pictures can be until they have seen Mr. Howe's. The audience present was very enthusiastic in its praise of the entertainment, and left the theater thoroughly well pleased."

At the Opera-house, matinee and night, Friday, December 4th. Seats now on sale at Ray's.

## BADLY FRIGHTENED

Colored Girls Buried Beneath Avalanche of Snow Yesterday

Yesterday noon, as two colored girls were wending their way to school, and when opposite the mail receiving door at the Postoffice a quarter section of snow lying on the roof of the Cox Building let loose and came down directly upon their heads.

The snow being soft they escaped injury, but they were nearly frightened to death, and their antics were most amusing.

They evidently thought the Millennium had come for certain.

Mr. Carl Roberson of Mayslick, and nephew of Sheriff Roberson, and Miss Elizabeth Poor of Oakwoods, will be married in the parlors of the Central Hotel tomorrow.

## Deafness Cannot Be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

## What "Globe Trading Stamps" Are!

### AND WHAT THEY GET FOR YOU.

There is as much difference in Trading Stamps as there is in people. The common idea of the "Premiums" they purchase has been of cheap, gaudy articles you would not want in your home, until some feel almost ashamed to ask for the stamps. "Globe" Premiums are different. They include a vast assortment of useful and beautiful articles for the home adornment—Cut Glass, Silverware, Fine China, Pictures, Rugs, Mahogany Furniture—in fact, a grand variety of the pieces which you go to the best store in town to buy and for which you must pay a good deal. At Merz Bros. they cost you absolutely nothing. Simply save the Globe Trading Stamps and you will be surprised what a short time it will take you to fill a "book." Exchange this for what you want at our Premium Display. Every article is worthy and worth while.

## ONE THING.

Do not think that because these goods cost you nothing they are worth nothing to us. We are simply putting our money into this as one way of advertising. Remember to ask for the Stamps.

## WHAT'S the matter with HANNA?

WHEN Mason county gets to building roads with machinery constructed for modern road-building, maybe the city of Maysville will begin to think it is time to convert her canals into streets.

JULES LEVY, the famous cornetist, he of the monocle, died Saturday in Chicago. To those who knew him, it's strange that he was permitted to live so long, and that he hadn't died with his boots on.

If anything were needed to prove that Chicago is really a fast city, it may be found in the fact that she has three boys, the eldest not 21, who have nine murders to their credit, besides innumerable robberies.

THE election of Dr. W. GODFREY HUNTER to Congress from the Eleventh District did not occasion a con supper at the White House. Some of those "trun down" by Teddy appear determined not to stay down.

THE extermination of the entire family of FRANK MILLER, consisting of five persons, at Tiffin, O., was due to the forgetfulness of Mrs. MILLER, who made cornbread of poisoned meal intended for rats. What's the use in whining about "race suicide" when such criminal negligence is in the saddle.

A NEW YORK theatrical firm was compelled to make good a \$2,000 deficit before Madame PATTI would sing at their theater as advertised. Her contract calls for \$5,000 per concert, and she won't appear till she gets it. This is probably an evidence that this is really the old lady's farewell tour for dollars in America.

THE annual report of JOHN W. YERKES, Commissioner of Internal Revenue, shows that the receipts of his department for the fiscal year ending June 30th, 1903, were \$230,746,925, about \$41,000,000 less than last year. The Commissioner says the decrease is due solely to the reduction of internal revenue taxes.

BUT can even a friendship like unto that of THEODORE ROOSEVELT for Dr. LEONARD WOOD overlook the awful consequences of a mistake in its estimate of the competency of an untried and practically inexperienced amateur soldier swiftly lifted to the highest military command?—*New York Sun.*

Dun' know; but will snooze 'round among some of the President's Democratic advisers down in this neck o' the woods and advise you.

THE Philadelphia Record says Senator PLATT might have been just as willing as Governor ODELL to have Roosevelt delegates to the National Convention elected in New York state, but the restless ROOSEVELT could not keep out of the fray, and the result of his intervention is to make PLATT more determined than ever to control the New York delegation. If he shall succeed in this it is not very likely that he will vote it for Mr. ROOSEVELT.

PRESIDENT ROOSEVELT is not pleased with the aggressiveness of Senator HANNA in pushing the opposition to the confirmation of the nomination of his best friend, General LEONARD WOOD, for the rank of Major General. There's nothing strange about this; the President has so long had his own way in pushing matters through Congress that he resents the slightest interference. But your Uncle MARK isn't the kind of hairpin to be bent by General Wood's special champion.

THE Louisville Evening Post says the next Legislature will consider, doubtless, certain changes in the election laws, the design being to disfranchise the Negro. It has also been suggested that the state return to the viva voce system, as Senator BLACKBURN demanded three years ago.

The Ballot  
In Kentucky.

We do not believe that a Democratic Legislature will abolish the secret ballot. It is well enough to talk about having the courage to walk up to the polls and vote your sentiments openly, but when combined power, the power of wealth and political parties, stand by the Clerk to see whether the laboring man votes as he is told by his employer to vote, the controversy takes another aspect entirely.

The secret ballot is a protection to the poor, to the quiet and the timid voter, and we do not believe any community will surrender it.

But as to the qualification of a voter, that is another matter. Reasonable and impartial qualifications, designed to determine the fitness of the voter to perform his duty, might accomplish great good. We have not much faith in mere mechanical devices or restrictions, but there is no reason why Kentucky should not experiment on this subject if the purpose of the experiments be to raise the standard of the electorate, leaving every man free to rise to that standard if he so desires.

If there is to be an intelligent educational qualification, it might work good in two directions. First, it might exclude the men easily misled or easily influenced; it might, that is, raise the intelligence of the voters on the whole. Secondly, it would hold out a prize to the uneducated. Parents would have a new incentive to secure education for their children.

We trust no attempt will be made to adopt the transparent devices of the Southern states. Whatever the excuse in the Southern states, there is no reason for Kentucky putting such laws on the statute books.

At Covington Richard Clark says that safety gates placed at railroad crossings, instead of saving him from injury, were the cause of his being hurt, and he filed suit for damages against the Chesapeake and Ohio Railway Company for \$1,900 and his doctor's bill. He says that while driving over a crossing one of the railway gates was suddenly lowered, striking him on the head and causing permanent injuries.

## Good for Children.

The pleasant to take and harmless One Minute Cough Cure gives immediate relief in all cases of Cough, Croup and LaGrippe because it does not pass immediately into the stomach, but takes effect right at the seat of the trouble. It draws out the inflammation, heals and soothes and cures permanently by enabling the lungs to contribute pure life-giving and life-sustaining oxygen to the blood and tissues. Dr. Armstrong of Delta, Tex., prescribes it daily and says there is no better cough remedy made. Sold by J. Jas. Wood & Son, Druggists.

## THE MAYOR OF NEW SMYRNA, FLORIDA.

WRITES A LETTER TO THE HOME OF VINOL.

Mr. J. C. Pecor Publishes It to Show How the Fame of His Vinol Is Spreading.

"We have continually been publishing facts about the great good Vinol has been doing right here in town," explained Mr. Pecor, our well known druggist, "and it is with pride we are permitted to publish herewith a letter from a far-off city, showing that the unquestionable merit of Vinol is being recognized in all parts of the country. The Hon. C. G. Hesse, Mayor of New Smyrna, Fla., writes:

"It must afford you great satisfaction to know that you have succeeded in placing before the people a cod liver oil preparation of such high merit and great curative power as Vinol. I know of nothing superior in cases of throat and lung troubles and to build up the system after wasting diseases.

"Vinol invigorates the system, heals disease, induces appetite and helps assimilate the food. It fact, it assists nature to perform her duties without friction, and this always means good health.

"I am satisfied Vinol's marvellous rebuilding power is derived from the valuable curative medicinal elements found in the cod liver, which by your admirable method you are able to administer without a drop of oil or any disagreeable feature.

"Such a high-class preparation, which I know from experience does all and more than it claims, has my hearty indorsement."

"Such testimony as this is valuable because it is genuine. Such a man as the Hon. Mr. Hesse

would not go out of his way to voluntarily recommend Vinol unless he knew it was worthy.

HON. C. G. HESSE.

This seems to back up what we have been claiming so long for Vinol, and is published for that purpose.

"There is not a shadow of doubt about Vinol being the greatest preparation of cod liver oil every sold to the American public, and therefore it must be the greatest tonic reconstructor known to medicine.

"In the strongest manner we unhesitatingly indorse and guarantee Vinol to increase the appetite, cure stomach troubles, give strength and renewed vitality to the aged, build up the run down, tired and debilitated, make the weak strong, cure chronic coughs, colds and build up the convalescent, or will return to the purchaser every dollar paid for it." J. C. Pecor, Druggist.

A new town, called Okla Diaz, is to be established in the vicinity of Micos, state of San Luis Potosi, Mexico, by colonists from Oklahoma Territory. An irrigation plant is to be installed capable of irrigating 30,000 acres. A sugar mill will also be built. W. M. Brinton is general manager of the colony.

The First National Bank has been designated a Depository of the United States.

Miss Mabel McKinley, the niece of the late President, who has been traveling with a vaudeville company, is ill in Owensboro.

## Latest News

The Jury in the case of Dr. J. V. Jay, the Buncombe county (N.C.) physician who, on the morning of October 15th, murdered his three children, returned a verdict yesterday morning of murder in the second degree and the prisoner was sentenced to thirty years at hard labor.

In the Senate yesterday Mr. Penrose, Chairman of the Committee on Postoffices and Post-roads, offered a resolution authorizing and directing the Postmaster General to send to his Committee all papers relating to the recent Post-office investigation, and directing the Committee, if it deems it necessary, to make further investigation. It was referred.

Governor Beckham has ordered the withdrawal of the state troops stationed at Jackson, Breathitt county. The order was issued on the statement of Circuit Judge Redwine that the troops are no longer necessary for the preservation of order. For a month past the number of troops on duty at Jackson has been only 26, under the command of Captain Will Longmire.

The Panama Canal Treaty arrived at Colon yesterday and was turned over to Senor Espirilla, Minister for Foreign Affairs for the Republic of Panama, who immediately started for Panama with it. Quiet prevails there and business has resumed its usual course. The report that the prisons are filled with political prisoners is untrue, but about 150 persons have been deported for showing discontent.

Charles E. Kruger, under sentence of death for the murder of a Constable at Greensburg, Pa., is reported to have confessed to the murder of sixteen people in Kentucky. Officers at Greensburg look upon the confession as a joke, and say it was made to enable Kruger to sell an alleged history of his life. They say that Kruger's entire career is well known at Greensburg.

## CLIMATIC CURES.

The influence of climatic conditions in the cure of consumption is very much overdrawn. The poor patient, and the rich patient, too, can do much better at home by proper attention to food digestion and a regular use of German Syrup. Free expectoration in the morning is made certain by German Syrup; so is a good night's rest and the absence of that weakening cough and debilitating night sweat. Restless nights and the exhaustion due to coughing, the greatest danger and dread of the consumptive, can be prevented or stopped by taking German Syrup liberally and regularly. Should you be able to go to a warmer climate, you will find that of the thousands of consumptives there, the few who are benefited and regain strength are those who use German Syrup. Trial bottles, 25c; regular size, 75c. At Henry W. Ray's, next door to Postoffice.

Elder W. A. Morrison, aged 73, died a few days ago at his home at Nepton.

Dr. Hawkins Brown, one of the best known physicians in Central Kentucky, is dead in Hustonville.

## Trials of Motherhood

295 Broad Street, PHILADELPHIA, PA., June 12, 1903.

I suffered for nine years with ovarian troubles making life a burden to myself as well as to my family. During that time I had two miscarriages and although we longed for a child to bless our home this seemed impossible. I had constant racking bearing-down pains in the pelvic organs and a pulling through my limbs with frequent headaches. I felt sick at my stomach and vomited frequently and no medicine helped me until I tried Wine of Cardui.

Then my general health improved, the pains gradually lessened and after 18 weeks I was well. I am now the happy mother of a boy eighteen months old and my husband joins me in sending heartfelt thanks to you for your splendid medicine. Without, I would have been a childless, instead of a happy and well mother.

CHAPLAIN, ST. ANDREW'S ASSOCIATION.

## WINE OF CARDUI

Wine of Cardui is the most successful menstrual regulator. By regulating menstruation, Wine of Cardui banishes inflammation from the entire female organism and the strengthened ligaments bring the organs back to their proper place. This is what Wine of Cardui did for Mrs. Nirdlinger. It banished the racking pains and burning inflammation and brought her relief. She was restored to health and strength and gives Wine of Cardui the credit of making her able to become a happy mother. This medicine equips a woman for every duty of wifehood and motherhood. There are many suffering women who think that health can never be theirs because they cannot secure the services of a great specialist, but we want to say right here that while Mrs. Nirdlinger lives in Philadelphia, a great medical center, she depended on Wine of Cardui for a cure and she was cured. This same medicine is within your reach. Will you take it?

All druggists sell \$1.00 bottles Wine of Cardui.

## River News

Several small packets for short trades are being built on the Upper Ohio.

A fuel flat sank in the channel of the Ohio near Davis Island Dam, causing trouble to boats.

Captain Pat Holmes bought the Kennedy and barges at St. Charles, Mo. She will tow cotton on the Yazoo river.

The Virginia passed down yesterday from Pittsburgh for Cincinnati where she tied up on account of low water above.

The Harry Brown left a sunken barge of coal at the foot of the bar below Flint Island and opposite Mogan's Landing, Indiana side.

The Government light at Lacock Bar has been discontinued and the one at Wallory Bar has been changed to red and shown on the regular post.

All the Marine Ways on the Ohio river have been busy for several months repairing boats, and all the boats are in first-class condition for business.

The White Star Line steamer Baltic, the largest steamer in the world, was successfully launched at Belfast. Her displacement is 33,800 tons.

Captain Edward Kirker Peyton of the steamer Indiana and Miss Mary Pallas Greene of Rising Sun, Ind., were married at the bride's home last night.

Ice is floating in the Ohio above Point Pleasant but it isn't heavy enough to interfere with navigation. The slush and ice in the Allegheny and at Davis Island Dam is interfering, however, with towboats getting into the Pittsburgh harbor with their empties.

About 250 empty barges were taken out of Cincinnati harbors on the last rise.

The Levi J. Workum is tied up at Cincinnati on account of Engineers deserting her.

The Oakland will go South of Louisville with a big tow of coal as soon as water permits.

Captain Jeff Thomas is now in command of the fleet and handsome Helen M. Gould in the Carrollton trade.

About 50 Union Engineers are still out on a strike in Cincinnati. The White Collar Line has all the Engineers it needs to run its boats.

A Mt. Vernon, Ind., special says: "The steamer Gleaner shut down fires and cleaned boilers yesterday. The steamer Nisbet went down to keep the dozen or so siphons going, which took all the steam the Nisbet could raise. The Gleaner has been here five months at a cost of \$1,000 per month. It requires constant effort to keep the barges from leaking full of water.

Owing to the low water above many of the towboats which passed here last week are laid up along the shore awaiting more water. The Defender is laid up at Middleport and the Robert P. Gilham is tied to the bank 20 miles below Wheeling with a tow of new empties which she was bringing down to the Kanawha coal fields for the Campbell Creek Coal Company.

The big towboat Coal City, the property of the Pittsburgh Coal Company, sank in about six feet of water near Vanceburg Sunday while on her way to Pittsburgh with a tow of 22 empty barges. She passed this city Sunday morning. The boat struck a snag, and almost before she could be cut loose from her tow, water filled her hull. The entire crew took to the yawls and were picked up by the towboat Henry DeBus, near the scene. Four divers were sent from Cincinnati to the ill-fated boat Sunday night. The loss will be considerable.

The Democratic primary to select candidates for county officers in Fleming two years hence will be held Saturday.

Mr. Charles A. Bland left Sunday afternoon for Thurmond, W. Va., where he has accepted a position at the Dungen Hotel.

A Timely Suggestion.  
This is the season of the year when the prudent and careful housewife replenishes her supply of Chamberlain's Cough Remedy. It is certain to be needed before the winter is over, and results are much more prompt and satisfactory when it is kept at hand and given as soon as the cold is contracted and before it has become settled in the system. In almost every instance a severe cold may be warded off by taking this remedy freely as soon as the first indication of the cold appears. There is no danger in giving it to children for it contains no harmful substance. It is pleasant to take—both adults and children like it. Buy it and you will get the best. It always cures. For sale by J. Jas. Wood & Son.

WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, uric acid, catarrh of the bladder and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work and in private practice, and has proved so successful in every case that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty-cent and one-dollar size bottles are sold by all good druggists. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.
